

TURF'S UP!

AND WE HAVE YOU TO THANK FOR IT.

The success of the Field and Athletic Surface Taskforce is now evident at Summit High School. Central Oregon now has the first artificial surface field east of the Cascade Mountains. This effort is part of a larger initiative to ensure all students in the Bend-La Pine Schools have athletic surfaces that are consistent and competitive with other school districts in the State of Oregon and Pacific Northwest. This would not have happened without the support of The Bend-La Pine Schools and its Board of Directors, The Education Foundation for the Bend-La Pine Schools, and most importantly, the donors who have contributed to this effort to fund the synthetic surface.
